## Customer Reviews

I placed my order on Feb. 7th, and received the order today! That is really prompt shipping. I like the book, but was disappointed to see that a chord chart wasn't in the book like some older E-Z play books I have. I wanted to share this with someone who doesn't know anything about piano playing. Still, I think the seller was great.

This book is great for the kids to learn how to play the keyboard. Makes reading the music easy and provides good songs for them to practice.
