## Synopsis

Over the past two decades, few authors have garnered the critical acclaim and fan following of Elizabeth Moon, Nebula Award-winning author of *The Speed of Dark*, *The Deed of Paksenarrion*, and *Remnant Population*. *Moon Flights*, the definitive Elizabeth Moon short story collection, represents the highlights of an impressive career. Gathering together 15 tales of fantasy, alternative history, and science fiction, *Moon Flights* features an original story, "Say Cheese", set in the Vatta's War cosmology, and an all-new introduction by Anne McCaffrey, legendary creator of the *Dragonriders of Pern* series.

## Customer Reviews

*Moon Flights* (2007) is third SF/Fantasy collection by this author. The others are *Lunar Activity and Phases*. This volume contains fifteen short stories and an introduction. Introduction by Anne McCaffrey recounts her appreciation of the author's works. *If Nudity Offends You* (F&SF, 1988) tells about strange neighbors in a trailer park. *Gifts* (*Masters of Fantasy*, 2004) considers the gifts of love and respect. *Politics* (*The War Years*, 1990) is about loyalty and the military. And *Ladies of the Club* (*Chicks in Chainmail*, 1995) addresses taxes and magic. *Accidents Don't Just Happen--They Are Caused* (*Don't Forget Your Spacesuit, Dear*, 1996) examines the frustrations of a woman walking in her mother's footsteps. *New World Symphony* (F&SF, 1989) involves music and loneliness. *No Pain, No Gain* (*Did You Say Chicks?*, 1998) exposes the problems caused by indolent aristocratic ladies and a rogue magician. *Hand to Hand* (*Women at War*, 1995) relates the trials of the musically inclined in a military society. *Tradition* (*Alternate Generals*, 1998) revisits the British pursuit of the

Goeben and Breslau in 1914. Fool's Gold (Chicks 'n Chained Males, 1999) presents a new look at the saving of a virgin from a dragon. Judgment (The Dragon Quintet, 2003) exposes the perils of clinging to tradition. Gravesite Revisited (Analog, 1988) discloses the response of primitives to time traveling graverobbers.

A pretty lighthearted collection, as you may be able to tell from some of the story titles, where Moon just sets out to amuse. A couple of the stories being from the various Chicks In Chainmail anthologies, for example. There are a couple of more serious pieces on old fashioned naval battles, and science fiction military those in charge decisions. Overall, a bit better than a 3.
