Customer Reviews

this is the first yanni book i bought. It contains some harder pieces than those found in the other In My Time portfolio. Favorites include "the mermaid" "marching season" "nostalgia" and many others found in the Acropolis video. Great to play in informal recitals. I've tried it and the audience is very positive. Buy it and learn the thoughts Yanni inspire.

These songs provide a wide variety of difficulty and tempo sure to satisfy any pianist whether or not he or she is a Yanni fan. This book is where you should start for learning Yanni's music. What enhances the experience very much, if you're not already a fan of Yanni, is his CD "Reflections of Passion." I would HIGHLY recommend purchasing this CD also if you're not familiar with Yanni's music. Many of the songs in this book are contained on that CD. That said, this music is well arranged and will not disappoint. Don't hesitate about learning some of the best music ever composed for the piano.

I would have to say that is book is very good. Some of the songs are just very good others are not. But overall great. Some part are truely unbelievable you can play it over and over and never get

tired. Happy Playing the Piano!!

Surprised, but very glad that I got this book. Why Surprised? I don't read music, don't play music, but I do listen to his music. This book was worth having just for the extra photos that are in the front of this book. And some day this will be a valuable collectors piece. Purchased thru .com. Would have never found this book or any of the other items, books, CD's or DVD's If I hadn't of discovered how great is of ease to use and shop from.
