## Customer Reviews

Graham's a very influential player, and anyone interested in how modern bass playing came to be should study his chops. He hardly ever slapped, so you don't need to want to do that to get good value from the book. A lot of the transcriptions are available elsewhere for free, but you can't depend on the accuracy of those tabs, IMO. These seem to match the records.

Great book and rapid delivery

Each bass line seems to be spot on so far. This is a good purchase.
