The Crowd Funding Services Handbook: Raising The Money You Need To Fund Your Business, Project, Or Invention (Wiley Finance)

Synopsis

Crowdsourcing funding is the new way to finance start-ups in a networked world. Entrepreneurs, small business owners, investors, artisans, or those who merely have a good idea for a business venture have a new and attainable means of securing capital to grow their dreams. Gone are the days when the only options to raise funds for a new business were venture capitalists, angel investors, or Wall Street. Web-based crowdfunding services are now plentiful and offer a variety of options for the aspiring entrepreneur. However, these services are not typically as well-understood as the more traditional means of raising capital. In *The Crowdsourcing Funding Services Handbook*, author Jason R. Rich offers a step-by-step overview of the various crowdsourcing funding services available on the Web, as well as the necessary documentation required to launch a successful crowdfunding campaign. Contains details on how to evaluate and select the best online platform for crowdfunding efforts. Provides details on creating a business plan to the specifications required to raise capital via crowdfunding. Provides an overview of the financial projections that will be required for a crowdfunding initiative. Proposes a specific approach to creating a "pitch video" to succeed with a crowdsourcing funding campaign. *The Crowdsourcing Funding Services Handbook* is a thorough, well-developed resource for those seeking to raise capital to start a business or fund the development of an innovative idea. Author and crowdfunding expert Jason R. Rich provides this definitive, hands-on guide to raising capital in the new economy.
