I have a 6 year old and a 2 year old and they LOVED me reading this to them. Dan Jackson is a 42-year-old father of three who started writing kids' books in 2014. This is the 2nd book of The Magical Zoo series. I can't wait to read them all. Tibby the Tiger was released by Sally in book one. Now Sally must once again team up with the zookeeper to bring all the animals back to the library. It

if such a fun book and depending on the age of the child would be a easy read. I think this series will just keep getting better and better. I received this product for free in exchange for my unbiased and honest opinion.

Sally and her cat, Cupcake, continue their search for the animals let loose in book one. With the help of the zookeeper who came out of book one, they are searching for the first animal that escaped. Does your child remember what animal that was? These books are wonderful for growing your child's sense of observation, prediction, memory and rhyming. So far a series of 5, these books reinforce learning for your child using brightly colored characters, animal and catchy rhyming. I received this book at a reduced price in exchange for my honest review.

As a second installment, this story is pretty good. The illustrations are still very colorful and well done. The story takes you through the finding of Tibby the tiger. Tibby manages to navigate the aisles of the library and wanders outside. He gets in a little bit of trouble and is scared by all the strange things in the new world he is in. He is safely handled, promoting a wonderful love and kindness toward animals. This installment also throws in a few animal facts in a subtle way so that kids won't know they are learning. I think that's important. This installment is pretty satisfying, I think kids will be happy to read about how one of the Magical Zoo's animals is getting along. *Book received in exchange for an honest review

I dislike that these are broken up into separate books. Also, many of the pictures backgrounds are identical with slight changes, like they were made with clip art. There are also some small errors in the book. That being said, the story line is cute and I feel that children may enjoy the book, and not be bothered by the repetitive backgrounds in the book. The basic premise of this one - the animals escaped in the past book, which is currently posted for free, and offered free at the start of this book. They are trying to get the tiger. I received this book in exchange for my honest opinion.

Dan Jackson is a 42-year-old father of three who started writing kids' books in 2014 - a NEW author. But you'd never know it from the number of books he has produced - all of first quality. Though it has been a while since new books have poured out of him, Dan is changing that situation with this series of five books under the title THE MAGICAL ZOO. As with all of Dan's books the stories and the accompanying illustrations are by the author. In this new series we meet Sally, a young girl twelve years of age in a library in Durham, North Carolina. Visiting often she is always accompanied

by her cat Milkshake. The first book shared her discovery of a book out from which leapt many different kinds of animals. In this Book 2 the animal in question is Tibby the Tiger, one of those animals who escaped in Book 1. Now the hunt is on for Tibby the Tiger who is finally caught by zookeepers and placed in a cage “ of books! More adventures to come as we see the route each of the escaped animals takes “ and in the meantime we learn a lot about the behaviors of animals such as Tibby the Tiger. This is a great idea for a series “ educational while entertaining, as is always the case with Dan Jackson’s books. Grady Harp, October 15

This is the second installment in The Magical Zoo series by Dan Jackson. In the first story, we met our protagonist, Sally, a twelve year-old girl who loves the library and reading as much as her cat, Milkshake. We got to see that as soon as Sally read from this magical book, many zoo animals popped out and their zookeeper, John, wasn’t far behind. This time around we get to see Sally and John in action trying to find and return Tibby the tiger. Tibby’s very fast and very scared so he ends up outside in a tree. How can Sally, Milkshake and John the zookeeper get this big cat down from the tree? Read it for yourself to find out. Parents, teachers and young readers will enjoy reading this series to kids. The animals are described and even a small fact is given about them. The descriptions in this book paint a vivid picture of the scene and the characters that match up perfectly to the illustrations. The books don’t contain any difficult or large words making it a perfect and easy chapter book for kids when you get the whole series! Disclosure: I received this book for free for review purposes. I would never recommend anything that my family or I have never used or believe in.

Do you like tigers? Do tigers frighten you? The author, Dan Jackson, has written a series of stories about The Magical Zoo. In the first story we met Sally and her cat who were at the library looking at books. All of a sudden zoo animals started popping out of the book, followed closely by their zookeeper, John. In the second part of the story, Sally and John, the zookeeper, go looking for the animals in the library. In this story they find Tibby the tiger, the tiger is very fast. In fact so fast he gets to the open library door, sees something strange, stairs and manages to step down. When you read this book, you will discover what happens next. Parents/teachers will enjoy reading this book to their children. The children will enjoy hearing about the zoo animals and in this series, they could have one chapter a night. The illustrations by the author are bright, vivid and colorful. They depict the adventures of Sally, John and Tibby the tiger. A fun story full of animals and surprises. Note: complimentary copy of this book was provided to read and review. Recommended. prisrob 09-24-15
