Customer Reviews

A nice selection of songs for someone in the earlier stages of piano lessons. I'm an older student with about 2 years of lessons and I can play through these songs without too much trouble. I'd think younger students would be able to work through them a bit quicker than that.

I like this book . It is easy to play these songs and the arrangements are nice. The songs don't sound too childish. Nice choice of songs also.

lots of easy to read and play patriotic and military tunes.

I lost my piano music in a move. So happy to have a few of them again.
