Customer Reviews

Reviewed previously...even listed the names of all 8 films in poster pack. What happened to that review? Anyway, great collection. I mounted each on black posterboard and used at an Oscar Party. Wonderful decor item on a dime. Only thing better would have been to have actual photos from each movie. But the artistic renderings are well done and work well together.

I wanted to study the "artwork" on movie posters. I bought this book for the pictures. Good quality, lots to see and get inspiration from. I'll bet the narrative is as informative as the visualsâ | might even read it one day.

The mini-posters were on card stock, so they are firm and easy to hang and I like the authentic detail in the text/images. I knew they would only be 11x17, but that is a bit small for visual impact.

My office cube needed some za za zoo and for the price, this was perfect!! receive lots of comments on the movies - not good if you don't want 100% privacy!

These are perfect. I mounted them on backer board that was 1 inch wider then the poster and decorated a guest bedroom with them and other movie items. Looks fabulous! very pleased.
