## Customer Reviews

I am using this Guitar Course with a 10 year old student. I like the theory sheets in the book. The student is enjoying playing with the CD. The one finger chords are easy for very young students. I am planning to use it with a family with several young children in a class format.

The binding is poorly made and the pages are falling out. I have two kids learning guitar and both of the books I purchased have the same binding issue.

Great!
