## Synopsis

Being confronted on the beach by a sexy stranger wasn't part of Natalie Conner's plans for a peaceful morning taking photos. And why on earth would he think she's taking pictures of him, anyway? Who is he? One thing's for sure, he's hot, and incredibly romantic, feeding Natalie's wounded soul. Luke Williams just wants the world to give him a break, so seeing yet another camera aimed at his face has him ready to pounce on the beauty behind the lens. When he finds out she has no idea who he is, he's intrigued and more than a little tempted by her. Natalie has a body made for sex, a sassy mouth and Luke can't get enough of her, but he's not ready to tell her who he really is. Natalie is a no nonsense girl who doesn't do well with lies and secrets. What will happen to this new relationship when she discovers what Luke's hiding?

## Customer Reviews

I was super excited to download and read *Come Away With Me* by Kristen Proby. I bought it the first day it came out and got right to reading. First off, how freakin' perfect is Luke? I think he gets the award for the "Perfect Guy Award". He cooks, rubs feet, has the stamina for sex multiple times a day, rich, famous, lives in a beautiful home on the beach, and has a wonderful family, oh and does the most romantic things EVER! Sometimes he was just too perfect... I just need some more drama for my romance novels but none the less he is like the perfect guy. Natalie who claims she only had sex with guys, never a relationship sure fell fast and hard for Luke after meeting him. There is absolutely no build-up for these two before getting together which was disappointing because I

prefer a big build-up which makes it more believable and fun to read. I will say the love scenes were very hot and steamy and will not disappoint you! Wowzers!! found the book cute and very exciting to read with all the love making Luke and Natalie did but I just felt like the book was missing something. Maybe more of a storyline, there was really no big drama in the story and any possible drama was solved in a chapter. I also felt like every type of plot was all pulled together to create this story. Famous actor falling for a normal girl, rich and hot guy, orphan girl who has secrets of her own and thinks she is not pretty when she is absolutely gorgeous, and a few more I do not want to share give spoilers. I will say I really liked the authors writing style and am excited to read her next books which focus on other characters. I think this might be the first series I am looking forward to reading about other characters in the next book and not the main characters from book one.
