Customer Reviews

I found Borello's stories quite intriguing and somewhat creative too. Important to have a print copy in front of you for optimal learning. 3 small but very different stories if memory serves nonetheless they are good reads. One was a Greek philosophical story of Socrates and other Greek legends of the past but interesting to listen to as it recounts dialogue between these Greek philosophers and another about issues with modern nutrition and its effects on the cardiovascular system and health. Highly recommend it.
