Charlie the Elephant is a lovable bedtime story to read to kid below the age of 8. My kids loved it. We were reading and giggling and excited to see what would happen to Charlie on his journey to meeting his new family. It's a creative and well written bedtime story!

My niece absolutely loved this book. As a bed time routine, we always read to her before going to sleep. I read this book to her the other night and she Loved it. The book is perfect for kids and it comes with pictures too. The story was adorable and kids can also learn moral lesson in the story.

Nice little book for the kids about a little, smart elephant charlie who solved a mystery, found new friends and lived with a happy boy named Connor. This book is definitely for a very little kid, before bedtime. Going to check out other books from the charlie the elephant series too.

How very insightful for the author to write a book on leadership theory and practice for children. The book presents great ideas on how to broach the topic of leadership as well as the characteristics of great leaders. Well written and succinct, it presents everything needed to help parents prepare their child to be an impactful leader in their discipline.

Charlie is a very very cute pet. How I wish I could have him. Well anyways, this book is really great for bedtime stories for my kids. Before they go to sleep, they can hear a nice story with great lesson to leave in mind.

I am very pleased that I bought this book. My child really liked this elephant, and I'm satisfied with my child, and that pleased me. Now, hugging in the bed became much easier and I do not have to spend a lot of effort to fall asleep my child.

I am not a kid but I am certain children will appreciate this book. The short story is quite adorable. This is a truly fine book to peruse to your children. I would love to suggest this book to all kids especially.

I thought this was a sweet and caring character as well as Connor and his dad when it came time to decide on whether or not to adopt Charlie that had been brought in an animal shelter in Africa one day. Beautiful illustrations as well as a great story plot. So, I would like to recommend this especially for those 2-14 and give this four stars. I received this for free to read thru KU and now in return, is my honest review. Great job Jeff! By Angela
