John Carter In A Princess Of Mars (Barsoom)

Synopsis

Civil War veteran John Carter is transported to a dying planet, where he must elude capture by giant green barbarians to rescue a Martian princess from certain doom. In this landmark of science fiction, the myths and mystery of the red planet supply a vibrant backdrop for a swashbuckling epic. Published in 1911, *A Princess of Mars* introduced a popular series of novels recounting John Carter's Martian exploits. Author Edgar Rice Burroughs, best known as the creator of Tarzan, employed a new style of writing that combined the genres of fantasy, adventure, and science fiction. His imaginative setting—an advanced but decaying civilization, where Olympian heroics play out against malevolent forces and ever-changing fortunes—endures as a timeless world, in which love, honor, and loyalty form the basis for fast-paced romantic adventures.

This novel was a complete surprise for me. First, I saw a movie on TV called John Carter. I thought it was great. Next, I noticed it was based on a novel by Edgar Rice Burroughs—of Tarzan fame? No way, I thought. So, when my family bought me a tablet for Christmas, I decided to look for it. At the ridiculous price of \$0.00, I bought it. I am now on the third of his series of books. What is so interesting for me is that this series talks to the future in the same manner of Jules Verne or H.G. Wells. He published this first book in 1917 I believe. Flight was a very young idea back then. He deals with it in a very delightful and adventurous manner, along with other ideas that I am sure stretched the imagination. And that is the point. I was used to the idea of seeing Johnny

Weissmuller swinging through the jungle belting out his Tarzan yell and summoning all his animal friends in the jungle to confront "man" and save the day. Here was a man transported to the planet Mars to interact with many types of beings and many forms of their beliefs. In a wonderful salute to parody, Burroughs alludes to human civilization and its beliefs and faith in those beliefs in a delicate manner. On Mars for instance, one creature's Heaven may be another creature's dinner! Read it and see. I want to add one entirely different remark. At an older age now, it is difficult for me to focus for long periods of time on print. These tablets are something to consider. You can adjust the print size or font and the background you read it on. The Kindle Store is remarkable. When you download a book of choice it is delivered to you by "Whispernet", which fantastically comes to you in less than a minute!!!! Most of these books are at reduced prices.
