## Customer Reviews

I loved it. the recipes weren't anything crazy or too complicated and basically just added a hip hop themed name to regular recipes. It would have been cooler if these were researched as being the favorites of each of the individual rappers/groups. The real highlight of the book is it being a medium to show off the artwork which is really nicely composed.

I should have looked at the dimensions, but when it arrived it was much smaller than I had expected. Much smaller. That doesn't really matter though unless you are hoping to lay the book out when you are, oh I don't know....cooking. Its so compact that it will be difficult to keep the book open to the page you are on without cracking the binding all the way open. I get that it is a novelty item...but it is a useful novelty item with actual recipes that honestly do look really good!

Delivery date was set pretty far off, but we received it 2 weeks earlier than the earliest estimated delivery date. Bought this for my hip-hop loving chef boyfriend who LOVES IT! It's really cool, especially if you love illustrations! It's a fun gift idea.

Haven't even tried the recipes yet, but the puns alone were enough to make us want to buy and recommend this book.
