Beyond Tattoo: Art, Graphics And Illustration By The World's Leading Tattoo Artists

Synopsis

A look at the crossover between fine art and tattooing. Fine artists are increasingly practicing the art of tattoo while tattoo artists are exercising their skills beyond skin; both are taking the visceral aesthetic of the tattoo underworld with them to create some astounding art pieces. A new art movement in its own right, this fantastic collection of amazing, visceral imagery will appeal to anyone into the contemporary art scene, but also to the vast armies of people getting inked. More than 50 world-class artists from the United States, Europe, Japan, Brazil, Indonesia, and the UK are represented, each with a detailed biography and discussion of their work.

Purchased for an aspiring tattoo artist who always tells me he hates books (I'm a reading teacher so I feel challenged by such comments) this book was a real hit. He loves it and had to admit he does not hate all books. The colors are beautiful with great graphics.

This is an awesome hard cover book with amazing art from talented tattoo artists. If you are looking for a lookbook full of tattoo photographs, this isn't your book. You can just go to your local tattoo parlor or pick up a tattoo periodical for that. This book features art aside from just tattoos. Good eye candy for those who appreciate artistic talent with a twist.

This was a gift for a tattoo-loving friend. She said she liked it and my art-loving wife who is not a fan of tattoos flipped through and enjoyed the art as well.
