# Freedom For All

## Synopsis

Drawn from the author's own mystical illumination, this book reveals the truth buried within the stories of the old and new testaments alike. Briefly, the book states that consciousness is the one and only reality, that consciousness is the cause and manifestation is the effect. It draws the listener's attention to this fact constantly, that the listener may always keep first things first. Having laid the foundation that a change of consciousness is essential to bring about any change of expression, this book explains a dozen different ways to bring about such a change of consciousness. Freedom for All outlines a realistic and constructive principle that works. The revelation it contains will, if applied correctly, set you free.

## Customer Reviews

Very enlightening book that sheds new light on biblical interpretation. I have been reading his books for years, and they are wonderful and enlightening. I highly recommend.

This is the most interesting take on the bible I've ever read. Some of the metaphysical principles were new. I plan to read other books on the series.

I really like these series of books. They are very personal and each section has examples of how to apply what you have read. Very practical every day use.
