# Star Wars Instrumental Solos (Movies I-VI): Trombone, Book & CD (Pop Instrumental Solo Series)

## Synopsis

For the first time, *Star Wars(R) A Musical Journey (Music from Episodes I-VI): Instrumental Solos* includes selections from all six *Star Wars(R)* movies arranged for flute, clarinet, alto sax, tenor sax, trumpet, horn in F, trombone, piano accompaniment, violin, viola and cello. The arrangements are completely compatible with each other and can be played together or as solos. Due to level considerations regarding keys and instrument ranges, the wind instrument arrangements are not compatible with the string instrument arrangements in this series. Each book contains a carefully edited part that is appropriate for the Level 2--3 player and a fully orchestrated accompaniment CD. Each song on the CD includes a demo track, which features a live instrumental performance, followed by the play-along track itself. Also included is 4-color art as well as black and white art from the movies. Titles: *Star Wars (Main Theme) \* Jar Jar's Introduction \* Augie's Great Municipal Band \* Qui-Gon's Funeral \* Duel of the Fates \* Anakin's Theme \* The Flag Parade \* Across the Stars \* The Arena \* The Meadow Picnic \* Battle of the Heroes \* Cantina Band \* The Throne Room \* The Imperial March \* May the Force Be with You \* Princess Leia's Theme*. This title is available in SmartMusic.

## Customer Reviews

Bought this for my son- he's a fairly new trombone player and long time Star Wars fan. The songs weren't easy. He's had to work on them, but the chart at the back of the book has been a huge help. Two thumbs way up.

Purchased this book for my son who plays the baritone (as it works the same for the trombone). It was nice, just a bit over his capability to play (as this is his first year). Better suited for a second year player, but will definitely keep for the future.

I purchased this a few weeks ago for my friend. He is a pretty advanced trombone player, so I was a bit worried about whether or not he would like it or find it useful. I gave it to him and he loved it! I was really relieved. My point is.. it is a great gift for the trombone player in your life, no matter how experienced they are. Anyone would love it :)

My son is in his second year of band in middle school. He loves this! The music is a little challenging for him, but he keeps trying!

Great Music. The best combination is Star Wars and trombones.it is level 2-3. This music would be a little harder for a beginner, but there is a guide at the back. The cd play along makes it fun and easier. Great Book!

This music book is amazing! Anyone who is a trombone player and likes star wars won't be able to stop playing these tunes. The cd enables you to play with a backing track which makes the experience a whole lot better and it also has a demo so that you can listen to how the tune's supposed to be played. Each song has it's own difficulty level and provides new challenges that improve the skill and quality at which you're able to play your instrument. It's great to be able to relive my star wars adventures through my trombone and work towards perfecting one piece knowing that another, even more exiting one lies in store for me on the next page. Thank you George Lucas for creating star wars and a very big thank you to John Williams for creating such beautiful music for the movies and putting them into a solo book for trombone so I can finally play them myself. Any trombonist of any age will enjoy working on perfecting these tunes even if they're not a fan of star wars. I definitely recommend buying this book as I assure you it will be the best decision you'll ever make.

kid was happy he got the book and really happy it had a cd

Got this for my son and he loves it.
